# About This Toolkit

Alberta Regional Professional Development Consortia (ARPDC) is a network of seven offices throughout the province, tasked to be responsive and work in a collaborative, coordinated manner, designing and delivering cost-efficient professional learning opportunities to Alberta educators.

This resource is designed to support teachers with the implementation of Grade 4-6 English Language Arts and Literature curriculum. Content within Foundational Knowledge provides overviews and highlights and explores concepts that may not be as familiar to teachers. Planning, Assessment, and Resources include links to templates and exemplars to help teachers confidently get started with implementation of this subject area.

As part of our current priorities, ARPDC continues to develop resources in support of curriculum implementation. This toolkit features a collection of resources, developed by our consultants and partners, and vetted by Alberta teachers. The work however is not done as we continue to develop and add additional resources. To access the most current collection of resources, please [visit our website](#), select a subject area, and filter by TOOLKIT in the Resource Type drop-down menu.
